

2012 ERACER • EXPERIMENTAL CANARD • FOR SALE

Beautifully built 2012 Eracer by original builder. Clean, fast cross-country machine with low time engine and airframe, modern glass panel, and full 4-axis autopilot. Selling only because I'm moving into the seaplane world.

AIRFRAME

- 2012 Eracer – Experimental / Amateur-Built
- Approx. **173 hrs SNEW** (since completion)
- **Last condition inspection: 08/01/2025**
- Electric speed brake
- 48 Gallons fuel
- Empty weight 1180 Gross weight 1800

ENGINE

- **Lycoming O-360**
- Approx. **173 hrs** by Don George Aircraft
- **896 hrs TSOH** total on engine
- Smooth, strong runner with excellent reliability

PROP

Hertzler Silver Bullet propeller

- Low time, matched to airframe/engine for performance

AVIONICS & INSTRUMENTATION

- **Dynon FlightDek 180** (EFIS/EMS)
- **Dynon AP74 4-axis autopilot** – coupled to GPS
- **Garmin 396** for navigation

- **ICOM IC-A210** COM radio
- **King KT-79** transponder
- **ADSB In/Out** compliant
- **4 axis auto pilot Dynon servos connected to 396 Garmin**
- **Not IFR**

This is a rare opportunity to own a low-time, well-sorted Eracer with a quality engine overhaul and a solid avionics suite. Ideal for someone looking for speed, efficiency, and the fun of a canard design without the years of building.
